Among the live men of the new town there are none more so than Col. Leekhart, of planing mill fame.

Dr. J. M. Cunningham has bought the saw mill eighteen miles north west of town of Blake, Lockhart & Co. He has rented it to Mr. Gowen.

C. W. Mack, in the new town, opposite Otero, Seilar & Co., keeps the best stock of boots and shoes in the Territory. Mack is an experienced boot maker and will do well to look up.

The coach Sunday night from Santa Fe over turned and split the passengers out. The passengers procured a wagon, drove to the railroad and came up by construction train yesterday afternoon.

In the GAZETTE of Sunday mention was made of F. S. Rosenthal. Of course it should have read N. S. Rosenthal. The particular Rosenthal whose initials are N. S. can't be duplicated. Besides him there are none others.

Representatives from each of the Commission Houses in Las Vegas have recently gone east and got married. It is only Newspaper men who ought to go east to marry. Fellows who are able to maintain a woman ought to choose from the daughters of their neighbors.

Mr. J. W. HANSEN & Co., will continue to carry on the business of shoe and boot making at the old stand formerly occupied by J. Reitz. He also has on hands a fine lot of ready made boots and shoes. All the old patrons of the shop are respectfully requested to continue their patronage south side of the plaza, 2nd door east of Parker House. 92-ff.

The meeting of the business men of Las Vegas which was to be held yesterday evening was adjourned until Thursday evening, at 7 o'clock, at the Court House.

This is a very important meeting and the business men of both East and West Las Vegas should make it a point to be present, the object of the meeting is to have the roads improved between Las Vegas and Two, and Las Vegas and the east line of the county. Also to make such suggestions to the Legislature as to their action necessary for this city and county. Let every business man attend and see that good and substantial men are placed upon the committees.

The new Episcopal church, just completed in East Vegas, presents a very pleasing appearance. Rev. H. Forrester is deserving of great credit for the energy he has displayed pushing it to completion.

The Banking House of Reynolds Brothers will hereafter be known as the First National Bank of Las Vegas. Always was a reliable institution.

Jno. McCullen is said to have the best mica mine in the world. We hope it is so. John is a good fellow and New Mexico needs that kind of mines.

Col. J. A. Lockhart, the planing mill man and builder, as he deserves, has more business and is working more men than any other contractor in the city. Merit is sometimes rewarded.

Frank Adams has done himself great credit by the manner he has completed his contract on the Bath House at the Springs. If you want a good bath you're sure of a first class mechanic you'll find.

On to the Pacific

Major W. R. Morley passed up the road last week on a special car which will carry him to San Francisco. From there he will go by water to San Diego California and make an examination of the various proposed routes east of that city. It has been conceded by Engineers that a road could not be built through the mountains East of San Diego, but Mr. Morley thinks differently and will cross the mountains to see. If he can not find a route the mountains may be considered impossible as he is the most successful mountain engineer.

A man by the name of Taylor attempted to carry off some clothes from the Robinson House, in East Vegas, Sunday night, but was interrupted by the proprietor and then because this miscreant failed of his purpose he took revenge by stoning the house and smashing the windows in.

After completing his proposed survey east of San Diego he may go on to Guaymas in Old Mexico and from there run preliminary survey up to the valley of the Rio Grande. Some where below Albuquerque. In any event the recent movements prove that the company will push the road through to the Pacific at the earliest possible date.
